

Very Late-Immune Yellow Fever Virus Antiserum

Catalog No. NR-43206

This reagent is the property of the U.S. Government.

Lot No. 61569333

For research use only. Not for human use.

Contributor:

National Institutes of Allergy and Infectious Diseases (NIAID),
National Institutes of Health (NIH)

Product Description:

Reagent: NR-43206 is a preparation of very late-immune serum from a non-human primate (NHP) that was immunized by subcutaneous injection of 0.5 mL of live attenuated yellow fever virus vaccine (17D). Sera were collected at approximately 30-day intervals from day 420 through day 570, and then pooled.

NHP Identification (Tattoo #): 067005

Collection Dates: June 22, 2012 through November 19, 2012

Material Provided:

Each vial contains approximately 200 µL of very late-immune yellow fever virus antiserum.

Packaging/Storage:

NR-43206 was packaged in screw-capped plastic cryovials. The product is provided frozen and should be stored at -70°C or colder immediately upon arrival.

Citation:

Acknowledgment for publications should read "The following reagent was obtained through BEI Resources, NIAID, NIH: Very Late-Immune Yellow Fever Virus Antiserum, NR-43206."

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the following publication: U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control and Prevention, and National Institutes of Health. Biosafety in Microbiological and Biomedical Laboratories. 5th ed. Washington, DC: U.S. Government Printing Office, 2009; see www.cdc.gov/biosafety/publications/bmbl5/index.htm.

ATCC® recommends that appropriate safety procedures are used when handling material derived from primates.

Disclaimers:

You are authorized to use this product for research use only. It is not intended for human use.

Use of this product is subject to the terms and conditions of the BEI Resources Material Transfer Agreement (MTA). The MTA is available on our Web site at www.beiresources.org.

While BEI Resources uses reasonable efforts to include accurate and up-to-date information on this product sheet, neither ATCC® nor the U.S. Government makes any warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. Neither ATCC® nor the U.S. Government warrants that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, use and disposal. ATCC® and the U.S. Government are not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to ensure authenticity and reliability of materials on deposit, the U.S. Government, ATCC®, their suppliers and contributors to BEI Resources are not liable for damages arising from the misidentification or misrepresentation of products.

Use Restrictions:

This material is distributed for internal research, non-commercial purposes only. This material, its product or its derivatives may not be distributed to third parties. Except as performed under a U.S. Government contract, individuals contemplating commercial use of the material, its products or its derivatives must contact the contributor to determine if a license is required. U.S. Government contractors may need a license before first commercial sale.
